

Puppy Application

As a breeder of the Perdiguero de Burgos "Spanish Pointer", we feel an obligation to our puppies, to you as a potential buyer, to our breeding program and to ourselves to do everything possible to place the right puppy in the best home. We will make every effort to get to know our potential puppy buyers' expectations before puppies are ready to go home.

This questionnaire is designed to help you, the prospective owner, me as the breeder and the puppy you plan to have as a member of your family. It does not obligate us to provide you with a puppy, nor does it mean you have to take one. We spend a lot of time and put a lot of effort into raising our puppies to be well socialized and healthy. Our main concern for these puppies is for them to go to the best possible homes. Please be prepared for us to ask you a lot of questions and also enter into a relationship with us as breeders so that we can keep track of the progress of these puppies throughout their lives.
